

- "divergent" = dividing ← →  
 - "convergent" = coming together → ←

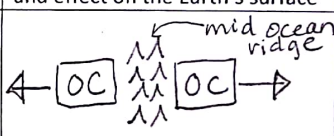

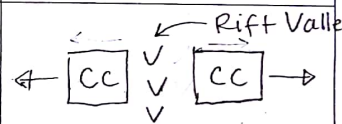

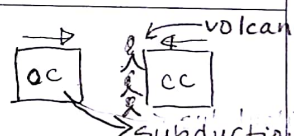

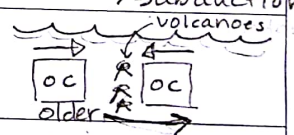

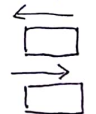

Key

Snack Tectonics

Name Key

Graham Cracker - continental crust (less dense)  
 Icing - magma  
 Fruit Roll Up - Oceanic crust (thinner + more dense)

OC = oceanic crust  
 CC = continental crust

Boundary	How Plates are Moving	Effects of Movement (created what geologic features)	Sketch of movement of plates and effect on the Earth's surface
Oc/oc divergent	← →	- Seafloor spreading - mid ocean ridge	
Cc/cc divergent	← →	- Rift Valley	
Oc/cc convergent	→ ←	- subduction of oceanic plate at a deep ocean trench - volcanic mtn on continental plate	
Oc/oc convergent	→ ←	- subduction at a deep ocean trench - under water volcano	
Transform cc/cc	→ ←	- volcanic island	
Cc/cc convergent	→ ←	- folded mountain - folded mountain
